

TREE TRIMMING NOTICE

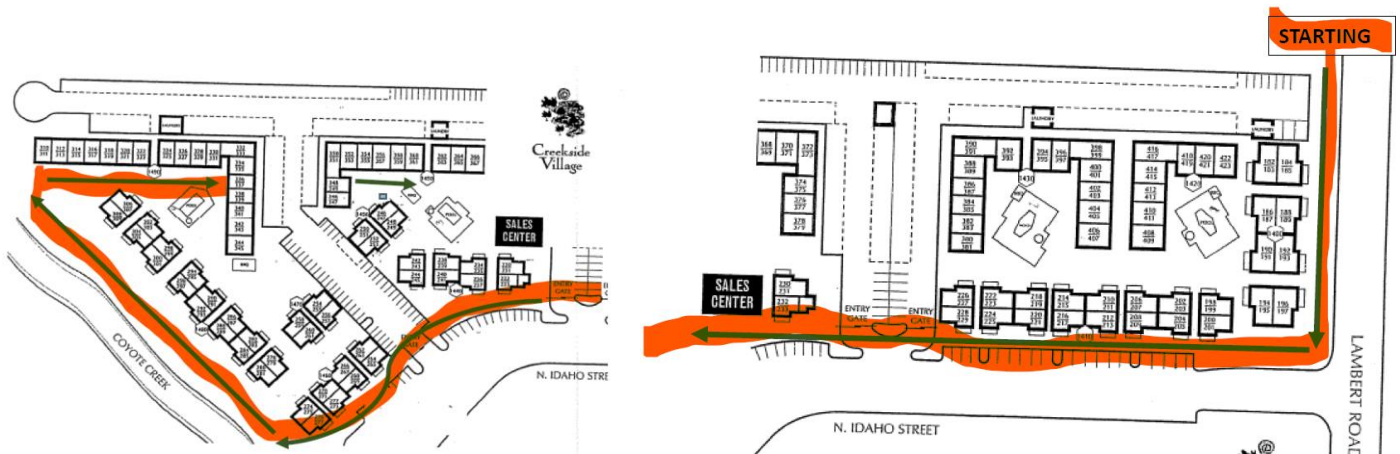

OCTOBER 30 – NOVEMBER 1, 2023

Hello Creekside Village Residents,

This communication is to notify you that the common area trees will be trimmed by Villa Park Landscape on Monday, October 30 - Wednesday, November 1, 2023. The tree trimming crew will be arriving at 7:00 a.m. and work until 3:00 p.m.

Below is a site map which shows the starting point and progression for the tree trimming.

The crew will begin trimming trees along the outer perimeters of the buildings from the exit gates off of Lambert Road and would around the buildings, and into the interior of the community at the end. The tree trimming will take a total of three (3) days.

For your safety, please stay clear of areas where crews are working. In addition, the removal of items from patio or balcony is recommended due to the possibility of falling palm tree fronds and tree branches. Due to the height of the trees, some debris may fall upon the roofs.

We appreciate the temporary inconvenience the tree trimming may cause.

Thank you,

Martha Bryan
Community Manager
